

SHRAVYA S P

Computer Science Engineering | SRI KRISHNA INSTITUTE OF TECHNOLOGY BANGALORE

+91 7892175419 | shravyasp.cse@skit.org.in | LinkedIn | GitHub: <https://github.com/SHRAVYASP>

Computer Science undergraduate with strong foundation in programming, data structures, and web development. Passionate about building efficient software solutions and learning emerging technologies like AI and full-stack development. Quick learner with problem-solving skills and hands-on project experience.

EDUCATION

B.E. in Computer Science and Engineering (CSE) — Sri Krishna Institute of Technology, Bangalore **CGPA: 6.9** 2022 – 2026

12th / PUC — BGS PU College, **Percentage : 61.4%** 2020 – 2022

10TH — Max Muller Public School, **Percentage : 85%** 2010 – 2020

PROJECTS

AI-Powered Fraud Detection for Online Transaction —

- This project focuses on the development of an AI-powered fraud detection system for online transactions. It analyzes transaction data to identify suspicious and fraudulent activities in real time. Machine learning techniques are used to detect abnormal patterns and behaviors. The system improves accuracy compared to traditional methods. It enhances security and trust in digital financial transactions.

Telemedicine Portal —

- Developed a secure and user-friendly Telemedicine Portal enabling virtual consultations between doctors and patients. Implemented features like appointment scheduling, video conferencing, electronic prescriptions, and patient records management. Integrated real-time notifications, payment gateway, and multi-user role access

TECHNICAL SKILLS

SOFT SKILLS

- | | | | |
|---------------------|----------------------------|------------------------|-------------------|
| • Python Full Stack | • AI Tools & Generative AI | • Communication Skills | • Time Management |
| • DSA | • Web Development | • Teamwork | • Problem Solving |

INTERNSHIP

Mind Matrix — Android App Development using Gen AI(Internship)

Completed an internship in Android App Development using Generative AI at Mind Matrix, where I developed intelligent mobile applications using Android Studio, Java/Kotlin, and AI integration. Worked on projects including the Grama Khata Micro Finance Management Application, which helps manage customer loan records, payment tracking, due dates, and AI-based reminder features. Gained hands-on experience in Android development, database management, UI design, and implementing real-time smart features in mobile applications.

CERTIFICATIONS

- **Oracle Cloud Infrastructure 2025 Certified AI Foundations Associate certification. — Oracle**
- **"Introduction to MongoDB (For Students)" — MongoDB University**
- **Ethical Cyber Security — Ethical Byte (Skill India certified)**
- **Test Engineer course with Grade A under the Infosys Foundation Finishing School for Employability Program - Infosys**
